The Litchfield Council Community Survey is conducted annually to hear from people living in the Litchfield municipality.

Council is committed to engaging with our local community and we are passionate about the future of the Litchfield municipality.

The municipality is experiencing unprecedented growth and activity and responses to the annual survey provide Council with information to understand the community's satisfaction in how Council manages services and facilities.

The survey covers topics such as **service delivery, communication, and amenities**. We use the results from the survey to inform **future planning** and annual municipal plans.

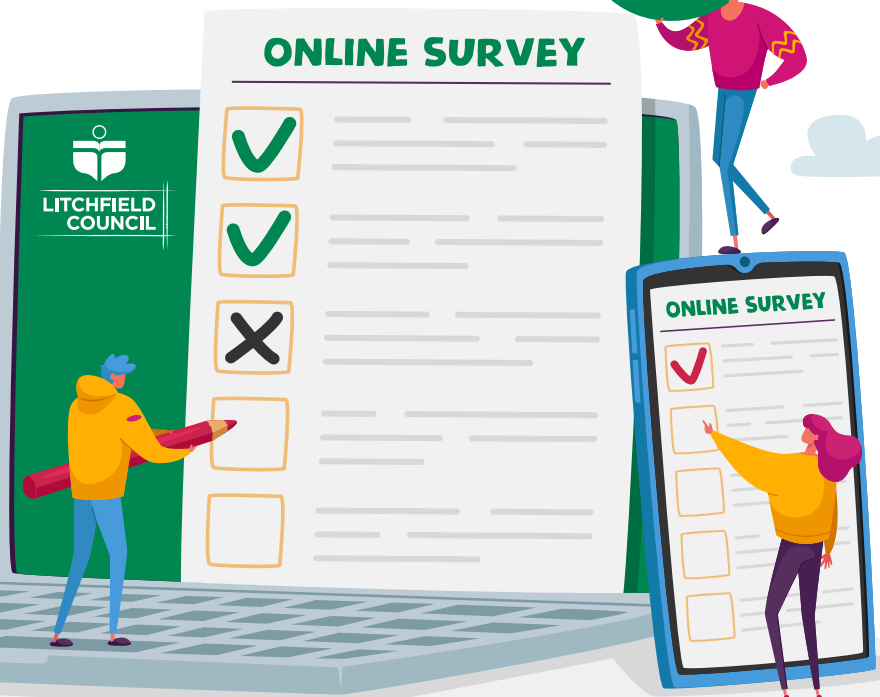

Have your say before  
**22 July 2024** to help us  
improve council services.
