NOTES

- Commercial material generated within the municipality is assessed on arrival, or through prior arrangement, and is accepted based on site availability for the material being disposed. Management reserves the right to not accept material which is suspected to contain any listed waste not permitted at the waste transfer stations.
- Residents charges and acceptance requires demonstration of residency within Litchfield Municipality and material being presented for disposal. Vehicles and/or trailers are to have <1 tonne capacity, except with prior arrangement. Management reserves the right to class residential waste as commercial if there is reason to believe the material is generated from a business working from a residential property based on quantity and content.
- 3. Small (<50kg) of residential waste may be accepted from commercial vehicles at the discretion of the Waste Transfer Station staff.
- 4. Applied for each Ute and trailer load. Trailers are to have a maximum capacity of 1 tonne. All other vehicles will be charged at commercial rates.
- 5. Tyre sizes are determined based on the sizing schedule (Attachment A). Tyres must be clean, unpainted, and complete with identifiable tyre size where applicable.
- 6. Certification must be in the form of a declaration from a qualified trades person that clearly identifies the items that are being certified de-gassed.
